**PROFILE**

Michael McWalter is a technical specialist in petroleum industry regulation, administration, and institutional development with over 36-years' experience of the oil and gas industry, predominantly in the Ministries and Agencies of newly-emerging oil and gas producing nations.

He initially came to PNG in 1976 for two years as a VSO teacher at Catholic Mission Fatima, Banz. He returned to PNG in the early 1980s as a geologist working on many petroleum exploration wells throughout PNG, and was appointed as a senior petroleum geologist in the Geological Survey of Papua New Guinea in 1987. In 1990 he became the Director of the Petroleum Division of Dept. of Mining and Petroleum, and in 1997 he was appointed as the Adviser to the newly-formed Department of Petroleum and Energy under funding of the World Bank, and from 2006 remained as an Adviser on a part-time basis to the Government until 2014.

He frequently serves as an oil and gas specialist to the World Bank, the Asian Development Bank and to USAID, and since 2004 he has worked variously in Papua New Guinea, Bangladesh, Sao Tome & Principe, Cambodia, Ghana, Turkmenistan, Uganda, Seychelles, Liberia and more lately in South Sudan, with their various and respective Government petroleum ministries and agencies. He currently advises Twinza Oil Ltd and Port Moresby Petroleum Co. Ltd. and consults to several other entities on petroleum matters.

He has a Bachelor degree and a Master degree specialising in Geology, and a Post Graduate Certificate in Physics Education from Corpus Christi College, University of Cambridge, England.

He is a Director of the Board of the Transparency International – Papua New Guinea, a Director of the Circum-Pacific Council for Energy and Mineral Resources, a Board member of the Finance Board of the Catholic Bishop's Conference of PNG and the Solomon Islands, and Treasurer of the Asia-Pacific Regional Council of the American Association of Petroleum Geologists.

He is an advocate of good governance in the petroleum industry through the establishment of sound institutional management and administration of the sector.
